- Outside Retention
- Dillon Field Office
- Public Land Survey
- BLM Ownership

Map shows allocation of lands to adjustment categories. Alternative A calls for land ownership adjustment decisions to be considered on a case-by-case basis, and for decisions to be primarily based on criteria and the two zones established in the 1984 Land Pattern Review and Land Adjustment Supplement to the 1983 State Director Guidance and using exchange as the preferred means of acquisition and disposal. Lands within the "retention zone" are managed generally for retention but allow for some disposal actions. Lands outside retention zones are available for the full array of land adjustment actions.
